Cannabis and Women's Health, Part II: Autoimmune Conditions and Cancer Symptom Support

A CANNABIS ALLIANCE WEBINAR

This webinar will cover cannabis for autoimmune conditions like fibromyalgia and endometriosis, and cannabis as symptom support during cancer treatment.

You will learn about:

- Cannabis for autoimmune conditions, like fibromyalgia and endometriosis
- Cannabis as symptom support during cancer treatment
- Dosing considerations specific to these conditions
- Interactions with common medications, including immunosuppressants and cancer treatments

Thurs., OCT 1st | 3PM-4PM

NEVADA COUNTY Cannabis ALLIANCE

PRESENTATION BY:

Melynda Ruckels

RN MSN Medical Cannabis Nurse
